

PRELIMINARY AMENDMENT

REMARKS

With respect to the change to page 13, line 24, and claim 2, this is based on the general formula (G) given at page 10, line 20.

With respect to the change to page 40, the material is deleted because there is no substituent Q in the specification or claims.

With respect to page 44 and page 45, it is clear that the compound represented by general formula (I) is a phenol derivative, not a naphthalene derivative.

With respect to the claims, multiple dependency is removed and Swiss-type claims are canceled.

Respectfully submitted,

/Peter D. Olexy/
